

**EcoRaider® RTU Professional** is a plant based natural insecticide made from enhanced botanical insecticidal compounds that only attack invertebrate receptors. Formulated with patented micro-emulsification technology, **EcoRaider® RTU** easily penetrates into cracks and crevices and even breaks through insect exoskeletons. **EcoRaider® RTU** is for direct use indoors or outdoors to control bed bugs, ants, beetles, cockroaches, crickets, dermestids, earwigs, fleas, flies, gnats, lice, midges, millipedes, mites, moths, silverfish, spiders, springtails, stink bugs, ticks, wasps, yellow jackets and other household insect pests.

#### **FOR BED BUG CONTROL**

**EcoRaider® RTU** effectively controls bed bug infestations with fast knock down, high mortality rate and residual activity for two weeks. **EcoRaider® RTU** kills bed bug adults, nymphs and eggs, including pesticide-resistant strains. **EcoRaider® RTU** can be used for all environments including but not limited to: residential, commercial, municipal, schools, dormitories, hotels, offices, theaters, restaurants, retail stores, airports, health care, daycare, nursing homes, shelters, public transportation and other locations where infestations may occur.

**DIRECTION FOR USE:** Read the entire label and **SHAKE WELL BEFORE USE**. Use professional equipment such as sprayers with hand pump or pressurized sprayers with adjustable spray volume and direction. Use directly on structures and surfaces of beds, mattresses, linens, furniture, windows, blinds, curtains, wall, base boards, moldings, rugs or anywhere infestations are found or normally occur. Use a straw tip or pin tip nozzle for treating cracks and crevices. Spray until moist but not soaking. For optimal performance, allow 1 hour after treatment before normal use of the treated area.

**CAUTION:** Keep out of reach of children. Avoid direct contact with eyes and mouth. May be harmful if swallowed. Do not use if allergic to the product. Scent dissipates in 1-2 hours depending on room size. Product contains water and may damage or decolorize paper, fabric or some delicate surfaces or finishes. Test on small inconspicuous area before application. Avoid spraying on food or food contact surfaces, otherwise wash thoroughly after treatment. Avoid spraying directly on plants.

**FIRST AID:** If product gets in eyes, flush with clean water. If irritation persists, contact a physician. If swallowed, call a poison control center or doctor immediately.

**STORAGE AND DISPOSAL:** Store in original container and keep tightly closed when not in use. Avoid heat or direct sunlight. Keep from freezing. Offer for recycling if available or discard in trash.

**This is a minimum risk pest control product and qualifies for exemption from EPA registration under Federal Insecticide, Fungicide and Rodenticide Act (FIFRA).**
